

**REMARKS**

The Beauregard claims 12-22 have been amended to take the format suggested in the office action. Further, claim 12 has been amended to call for enabling the resource to be accessed and displayed. This provides a tangible result, in that a resource can now be displayed even after the expiration time. The claim does not cover an abstract idea, but actually has a practical application which is enabling resources to be displayed after a trigger expiration time.

Therefore, reconsideration is respectfully requested.

Respectfully submitted,
